16.04.2021	V1	
16.03.2022	V2	update after receiving first year review

Project Web Page

The project webpage is up and running since March 15th, 2021 at the following web address:

<https://waterforce.eu/>

The website includes among other items:

- An overall description of the project and its objectives, information sheets and other publicity material for the project which will be available for download.
- Publicity and information about Webinars and Workshops organised by Water-ForCE where discussion with stakeholders is engaged.
- Papers and presentations by the members of the consortium and other papers of interest. Presentations and a poster giving a project overview. Publicly available project working documents.
- Details of the project consortium with links to their sites as well as information about the different Working Groups.
- A method for contacting the project, a way of joining the project mailing list and information on how to contribute to the project and in particular to the roadmap.
- links to Water-ForCe social media:
 - twitter (@h2020WaterForCE)
 - LinkedIn (linkedin.com/company/Water-ForCE)
 - vimeo (<https://vimeo.com/user161489764>)

Following reviewers comments the project webpage was updated on March 16th, 2022. Among other the following updates have been implemented:

- In section 'the project' a description of the project objectives together with main outcomes is provided. This section also provides material to be downloaded: poster, slides and document providing summary of project objectives and main outcomes.
- In section 'documents' deliverables have been withdrawn, project publications and working documents are now available to download.
- Furthermore, section 'contact us' has been updated to reach stakeholders in a more friendly way.
